Dear AACAP Life Members Committee,

Thank you for sponsoring the AACAP 2025 meeting and for enabling my attendance through the Educational Outreach Program. As a pediatric resident, I found the experience invaluable. It affirmed my plan to apply to the Post-Pediatric Portal Program in the upcoming cycle and offered meaningful opportunities to connect with residents, fellows, early career psychiatrists, and leaders in the field.

The meeting gave me a clear vision of how I can integrate my pediatric background into a future career in child and adolescent psychiatry. I am grateful for your support and for the Life Members Committee's ongoing commitment to the Educational Outreach Program. I look forward to seeing you next year in Atlanta.

With appreciation,

Dear Dr. Benoit, Dr. Sholevar, & all other AACAP Life Members,

Thank you so much for honoring me with the opportunity to attend the annual AACAP Meeting in Chicago this year, under the support of the Education Outreach Program for Pediatric Residents.

As a pediatrician, my greatest career passion lies in child advocacy. I have found that much of child and adolescent psychiatry is about advocacy as well. In Chicago, I had the opportunity to meet so many individuals dedicated to a career in advocacy. The Life Members Luncheon was particularly special as I was able to meet and chat with many child psychiatrists who were well into their careers, who shared many experiences and joys of the field. As I continue to embark on my own career, I will carry the perspectives and wisdom from those before me.

Thank you again for all your support and belief in me. It means a lot to me.

Sincerely,

Kendahl Servino
